Hey Christian,

Thanks for checking in here and approving the SOPO changes. The budget's been going through internal fiscal partners (frankly mostly of the grants we've received end up being used for consultants or construction rather than internal personnel and are small enough we haven't gone after indirect support). So, trying to make sure we have everything accurate, but happy to share how it stands.

The attached Fringe Benefits matches the rate agreement from the City's Health Department and has calculations for each position. These are used in the budget justification in place of a standard percentage. This caused a few changes throughout to make align with the \$10M. Additionally we added task numbers to each item, for ease removed the travel, and changed supply costs.

For the Pre-award, I'm ok making the requested changes in B3 and B4, based on intent of using the national labs. I do fear if we go a consultant route for any support they'll have proprietary modeling, but we'll deal with that if it comes. And included the project team with expectations of one person month per year.

If by chance someone going through fiscal wants to change anything on the budget, I'll reach out. If not, these should be good enough for review or at least start any conversations on remaining questions. Thanks, always happy to chat,

Jason

Good afternoon Team Baltimore,

Getting back to the email thread below...

The DOE has reviewed the proposed SOPO and found the changes acceptable. We've attached a clean and marked up version of the SOPO for your reference.

With that said We've brought the budget and pre-award information sheet questions back to the top of this discussion as we're under the impression Baltimore was waiting for DOE concurrence on the SOPO before addressing these questions (with the exception of the SF424 which was addressed). Please let me know if I'm missing something, otherwise I'll look forward to Baltimore's response. Thank you,

Christian

**Budget Justification:**

- **Personnel**

- SOPO task numbers need to be filled in (Column A)

- **Fringe**

- Baltimore indicated that they have a negotiated fringe rate, the Rate Agreement (attached) states the following:

**TREATMENT OF FRINGE BENEFITS:**

The fringe benefits are specifically identified to each employee and are charged individually as direct costs. The directly claimed fringe benefits are listed below.

**TREATMENT OF PAID ABSENCES:**

Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages.

Separate claims are not made for the cost of these paid absences.

The fringe benefits listed below are treated as direct costs:

Workers' Compensation; Unemployment Compensation; FICA;  
Medical, Drug, Vision & Dental Insurance;  
Retirement and Survivors' Benefits.

- Why is Baltimore using 10%? If Baltimore's actual fringe costs are not 10% please account for the actual fringe costs in the budget justification as described in the rate agreement above.
- **Travel**
  - Please complete the SOPO Task number, Depart from, Destination and Basis for estimating costs fields (how are you arriving at the cost estimate?)
  - Please confirm that travel to any conference is necessary for the award and will solely benefit the award.
  - Please be aware of the attached travel regulations
- **Supplies**
  - Please provide: SOPO task #s, and Justification of need. Please review and be aware of [2 CFR 200.421](#) Advertising and Public Relations.
  - Please clarify why these costs are not categorized as other direct costs as opposed to supplies?
  - Are the supplies being provided inhouse, or from a 3<sup>rd</sup> party?

#### SF-424

- Please revise to reflect:
- Award end date of 12/31/33 in field 17.
- Please revise field 18 to reflect award amount of \$10M
- Sign the bottom

#### Pre-Award Info Sheet (PAIS)

- **Section B.3:** Baltimore indicated that they want restricted computer software and limited data rights. This would only be needed if the project had to actually use or review the proprietary software or the data, which under these circumstances seems unlikely. Please review and verify if Baltimore will or will not need proprietary software or information. If not, these requests can be removed from the PAIS.
- **Section B.4:** If no work will be done that produces intellectual property, the PAIS should be amended to remove Option 1 under Data Management Plan and Baltimore should select non-R&D.
- **Section D.3: PARTICIPANTS AND COLLABORATING ORGANIZATIONS –**
  - Please include information for the other Key Personnel listed in the Technical Volume: Alice Kennedy and Berke Attila
  - Please provide the attachment as a separate document.

**Subject:** [EXTERNAL] Re: Request for revised documents for Baltimore SE0001546

Hey Christian,

I had left a message for you last week, but did chat with Tony yesterday. I questioned if while making these changes, we should change the SOPO to reflect the related grant that has changed. Our Energy Future Grant award has an indefinite delay (the email is attached for the DOE program as a whole). This affects some of the earlier outreach/feedback requests relating to BPS. Mihir noted this should be the primary effort for Justice 40 as well for our Code Grant. As such, and per Tony's recommendation, altered the SOPO to reflect Energy Future Grant either not happening or not happening on a useful timescale to the Code grant. So the Energy Future Grant is removed and added a replacement outreach effort in as milestones, but trying to minimize overall changes to the SOPO. These are in track changes, attached.

If you have any issues or questions with this let me know. We're working through the fringe and indirect pieces and should have the remaining documents your way tomorrow. Thanks,

Jason

I've been advised that the SF424 has increased urgency. If you can provide that soon I'd appreciate it (highlighted below). Thank you,

All,

Following the notice below, the Fourth Circuit Court of Appeals stayed the preliminary injunction in *NADOHE v Trump* (see attached).

While we work with the Office of the General Counsel to determine next steps, we are holding on any action regarding DEI/CBP/J40 provisions in executed awards.

We realize there may be questions and confusion among EERE staff as well as our recipients. To the extent there are questions from recipients at this time, please hold on providing answers or any speculation about potential answers, and please be reminded this matter is currently subject to ongoing litigation.

I'm sorry for the back and forth on this. We're all doing the best that we can in a dynamic environment. Thanks so much for your patience. We'll provide additional guidance as soon as possible.

Best,  
Christy

CUI//PRIVILEGE

EERE Colleagues,

For your awareness, Sara Wilson, Acting Head of Contracting Activity (HCA) for GFO, will send the attached notification memo today to financial assistance award recipients in accordance with [DOE guidance](#) issued on February 25, 2025, and

the [court order](#) (preliminary injunction) in *NADOHE v. Trump*. NETL is sending a similar notice to its award recipients as well.

The memo:

- Rescinds a previous memo sent January 27/28, 2025, to award recipients suspending all activities related to DEI, CBP, and J40 requirements.
- Instructs recipients that any DEI, CBP, or Justice40 activities provided for in the award agreement, including reporting requirements, are now voluntary.

Please reference the [DOE guidance](#) for more information. The DOE Financial Assistance Implementation Team (FAIT) put together a helpful summary of the Preliminary Injunction requirements, [available here](#). In short, the court order requires that we:

- Approve invoices for CBP/DEI/J40 activities allowable under the award.
- Consult with Counsel and the Administration Designee prior to any termination or modification of an award with DEI/CBP/J40.

Please note that the guidance provided is general and that specific questions regarding individual awards should be directed to the appropriate award Counsel.

A big, big thanks to the GFO and NETL teams, and especially to our GFO colleagues leading FAIT, for working through all of this.

Thanks so much,  
Christy

**SUMMARY:** Please review the attached DOE Memorandum from the Deputy General Counsel for Environment and Litigation, the Guidance to Agencies from the Department of Justice (“DOJ”), and the Court Order. All three documents are meant to be read in tandem. Please comply with all terms of the DOJ Guidance, the DOE Memorandum, and the Court Order.

Notes from the DOE Memorandum regarding retroactivity and Stop Work orders for all funding agreements (contracts and financial assistance):

- The court order does not require that DOE change any prior funding agreements that were terminated or formally modified before 6:20 p.m. EST on February 21, 2025.
- Any Stop Work order in effect that was issued pursuant to or cites Executive Order 14151 or Executive Order 14173 (even if it was issued before 6:20 p.m. EST on February 21, 2025) must be rescinded.
- Any Stop Work order issued to a recipient of a funding agreement that has been flagged as being or is arguably “equity-related” must be rescinded whether or not it cites Executive Order 14151 or Executive Order 14173.
- A general Stop Work order—not issued pursuant to Executive Order 14151 or Executive Order 14173—issued to a recipient of a funding agreement that is not “equity-related” may remain in effect and the funding agreement may be modified or terminated.
- Please keep and maintain a Compliance Tracker for your records regarding your communications with internal agency officials as well as contractors/grantees regarding the above, as well as any modifications/roll backs of any grant/contract termination.

Questions concerning the DOE Memorandum should be directed to your Program Manager and/or Program Counsel.

Sara  
Wilson

Digitally signed by  
Sara Wilson  
Date: 2025.01.27

SUBJECT: Cease all activities associated with DEI and CBP

The President has issued 43 Executive Orders, Presidential Memoranda, and Proclamations, including an Executive Order entitled *Ending Radical and Wasteful Government DEI Programs and Preferencing*. DOE is moving aggressively to implement this Executive Order by directing the suspension of the following activities in any loans, loan guarantees, grants, cost sharing agreements, contracts, contract awards, or any other source of DOE funding:

- diversity, equity, and inclusion (DEI) programs and activities involving or relating to DEI objectives and principles; and
- Community Benefits Plans (CBP); and
- Justice40 requirements, conditions, or principles.

Recipients and subrecipients must cease any activities, including contracted activities, and stop incurring costs associated with DEI and CBP activities effective as of the date of this letter for all DOE grants, cooperative agreements, loans, loan guarantees, cost sharing agreements, or other DOE funding of any kind. Recipients are responsible for communicating and enforcing this direction with all subrecipients and contractors. Costs incurred after the date of this letter will not be reimbursed. This letter will be incorporated into your award with the next modification.

Additional guidance will be forthcoming. Recipients who have DEI and CBP activities in their awards will be contacted by their Grants Officer to initiate award modifications consistent with this Order.

Good afternoon Ash,

I've attached an updated list of awards by TPO (also on SharePoint here: [TPO Grant Description.xlsx](#)). The tab "For GFO 02252025" has the list in the original format with 1 column added, but it's also in a more readable format in the "TPO Distribution" tab. The counts now look like this with each of us having an active award:

Proposed TPO	Total	Formula	Round 1	Round 2
Any	25	12	6	3
Kalpitia	23	11	7	3
Christian	15	5	8	4
Kristen	0	0	0	0
Total	57	28	19	10
